

FOR AGENCY MEETING OF: November 9, 2009
4.3 (a)

AGENDA ITEM NO.: _____

TO: BOARD OF THE URBAN RENEWAL AGENCY

THROUGH: *Linda Norris*
LINDA NORRIS, CITY MANAGER

FROM: DEBRA NEVILLE, BUDGET OFFICER *Debra Neville*

SUBJECT: FISCAL YEAR 2010-11 URBAN RENEWAL AGENCY BUDGET CALENDAR

ISSUE:

Should Urban Renewal Agency Board approve the Urban Renewal Agency budget calendar for fiscal year 2010-11?

RECOMMENDATION:

The Urban Renewal Agency Board approve the FY 2010-11 budget calendar.

BACKGROUND:

Staff has outlined the budget calendar for the forthcoming fiscal year and is seeking Board approval. Attachment 1 shows the proposed FY 2010-11 Urban Renewal Agency budget calendar.

FACTS AND FINDINGS:

Annually the Board approves a budget calendar for the forthcoming fiscal year. An approved calendar allows the Board, the Budget Committee and the public to schedule their time appropriately. In some cases, specific dates are not known especially during December 2009 and January/February 2010. However, activities anticipated to occur in these months are identified.

In addition, the April/May 2010 Budget Committee meetings will be held on Wednesday evenings, as they have in the past. The first meeting is proposed for April 14, 2010, with the last scheduled for May 12, for a total of five Budget Committee review meetings. A schedule detailing which departments and funds will be reviewed on specific evenings will be provided in the near future.

Attachment 1 outlines the proposed FY 2010-11 budget calendar that will assure a timely and efficient process that complies with Oregon Budget Law. There are four advantages to working with a Board approved calendar, as outlined below.

- A published calendar informs interested citizens of the general time frames to address major elements of the budget process.
- The calendar gives the city staff guidance on when to present budget documents for public review and comment.
- The budget calendar informs interested parties who may need to coordinate with other significant events or processes, such as the Capital Improvement Plan (CIP) process.
- Public hearings related to the budget are identified within the calendar, so the hearings can be noticed to the public.

CITY OF SALEM URBAN RENEWAL AGENCY
