KEEP SALEM MOVING!

City of Salem November 2008 Streets and Bridges General Obligation Bond Measure
Total Proposed Bonding Authority: $99.8 million

Project Summary:

Hawthorne / Hyacinth Avenue NE Corridor Safety Project

Project Description: Construct Hawthorne Avenue NE and Hyacinth Avenue NE to Minor Arterial street standards with center turn lanes, proper travel lane widths, bicycle lanes, curbs, gutters, sidewalks, drainage, streetlights, and landscaping, as needed. Reconstruct bridge over Claggett Creek. Improve pedestrian safety and crossings to access nearby Hallman Elementary School. Project to include modifications to existing traffic signals as needed at intersections with Portland Road NE and Silverton Road NE, as well as other project modifications as needed.

Background: Hawthorne Avenue NE is classified as a Major Arterial street and carries approximately 10,000 vehicles per day.

Estimated Project Costs: $13 million Total (constructed)

Draft Construction Schedule: Begin Design and Right-of-Way Acquisition: 2009
Begin Construction: 2011

Neighborhood Association: Northgate Neighborhood Association

City Council Ward: Ward 5, Councilor Kate Tarter
