----- COMMENTS -----

Regarding the city's budget: I'm new to Salem and have not had a chance to go over it yet. However, in the past 4-6 weeks, the street cleaner has been through here twice. Don't know if it would make a difference in the budget. But doesn't it seem like a waste of money to be cleaning the streets (except for downtown) when we the residents have to take care of our own sidewalks? I'd rather see the city use the street cleaning money to fix our parks.
