## MEMORANDUM

To: CITY COUNCIL

From: LAURA TESLER, CITY COUNCILOR 

Date: APRIL 4, 2007

Subject: WILLAMETTE UNIVERSITY STUDENT PRESENTATION

Motion:

I move that Council direct the City Manager to schedule a presentation from Willamette University students to present their research and recommended resolution related to the Council adopting a sustainable building policy for the design, construction, renovation and operation of public buildings.

Discussion:

A group of Willamette University students has completed a class project that involved researching and preparing a draft resolution for City Council consideration regarding sustainable building policy for public buildings. The students have asked for time to present their work to City Council.

Based on the presentation and the students' draft resolution, Council may decide to refer the resolution to staff for additional work and a report to City Council.
