MEMORANDUM

To: Mayor and City Council
From: Kate Tarter, City Councilor – Ward 5
Subject: Nature Park at the Kroc Center

Motion:

I move that staff bring back information and recommendations on the process involved, timelines, and funding related to the Nature Park at the Kroc Center.

Discussion:

The Parks Operation Division is in the process of adding the Nature Park at the Kroc Center to the Comprehensive Master Parks Plan. The City will be seeking public input as they develop the design for this park. The Nature Park at the Kroc Center is located within the North Gateway Redevelopment Urban Renewal Area. I feel the City should take advantage of the fact that this park could be eligible for grant monies.
