

**SALEM PARKS AND RECREATION
ADVISORY BOARD
Action Sheet
October 19, 2016**

BOARD MEMBER ATTENDEES:

Present: Tony Caito, Woody Dukes, David Fridenmaker, Bill Fujii, Kasia Quillinan, Carol Snyder

Absent: Callen Sterling, Patty Tipton

ISSUE:

Review and discussion of land use actions pertaining to the Salem River Crossing Preferred Alternative and possible impacts to Wallace Marine Park.

DATE OF DECISION:

October 19, 2016

BACKGROUND:

A multi-agency public hearing was conducted on October 12, 2016, regarding the City of Salem's proposal to expand the Salem-Keizer Urban Growth Boundary and associated land use actions that are necessary to move forward with the Salem River Crossing Preferred Alternative.

The Salem Parks and Recreation Advisory Board, being aware of the land use actions and possible impacts to Wallace Marine Park, called a special meeting to receive a presentation from staff and clarification of any impacts to Wallace Marine Park that may result from approval of the proposed land use actions.

ACTION TAKEN:

Motion by Chair Quillinan and seconded by Member Fujii reads:
The Salem Parks and Recreation Advisory Board (SPRAB), being concerned about the effects on Wallace Marine Park, supports the amendments to the *Salem Transportation System Plan* with the design mitigation provisions outlined in the draft ordinance text amendments to the *Transportation System Plan*, which includes having SPRAB weigh in on future design phases.

Vote: All members voted in favor of the motion.
