Subject: Re: Public comment

Thank you John.

My input for the AAC:

I believe AAC meetings should be widely promoted for participation among the interested parties and stakeholders involved in the airport. This includes commercial license holders, leaseholders and tenants, Garmin, the National Guard (already represented), flight clubs, and emergency management professionals in Marion County, Polk County, and the State OEM.

I feel strongly that the AAC meetings must allow for live public participation. We are all doing this- from the City Council to non-profits holding forums. This advisory board should be able to hear testimony, see presentations, and to ask questions of those in attendance. I would ask that you pass a motion to advise City Council of your desire to no longer exclude live public participation.

Thank you for listening.
