“Camp Hope”

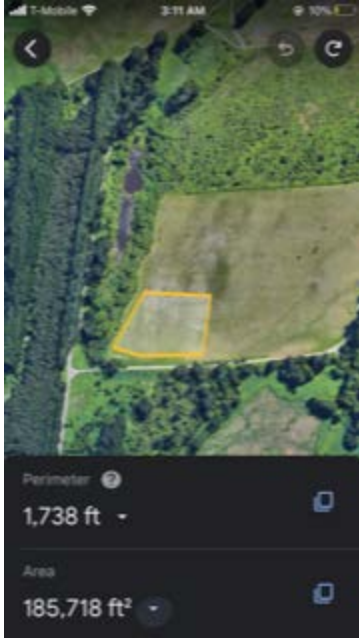

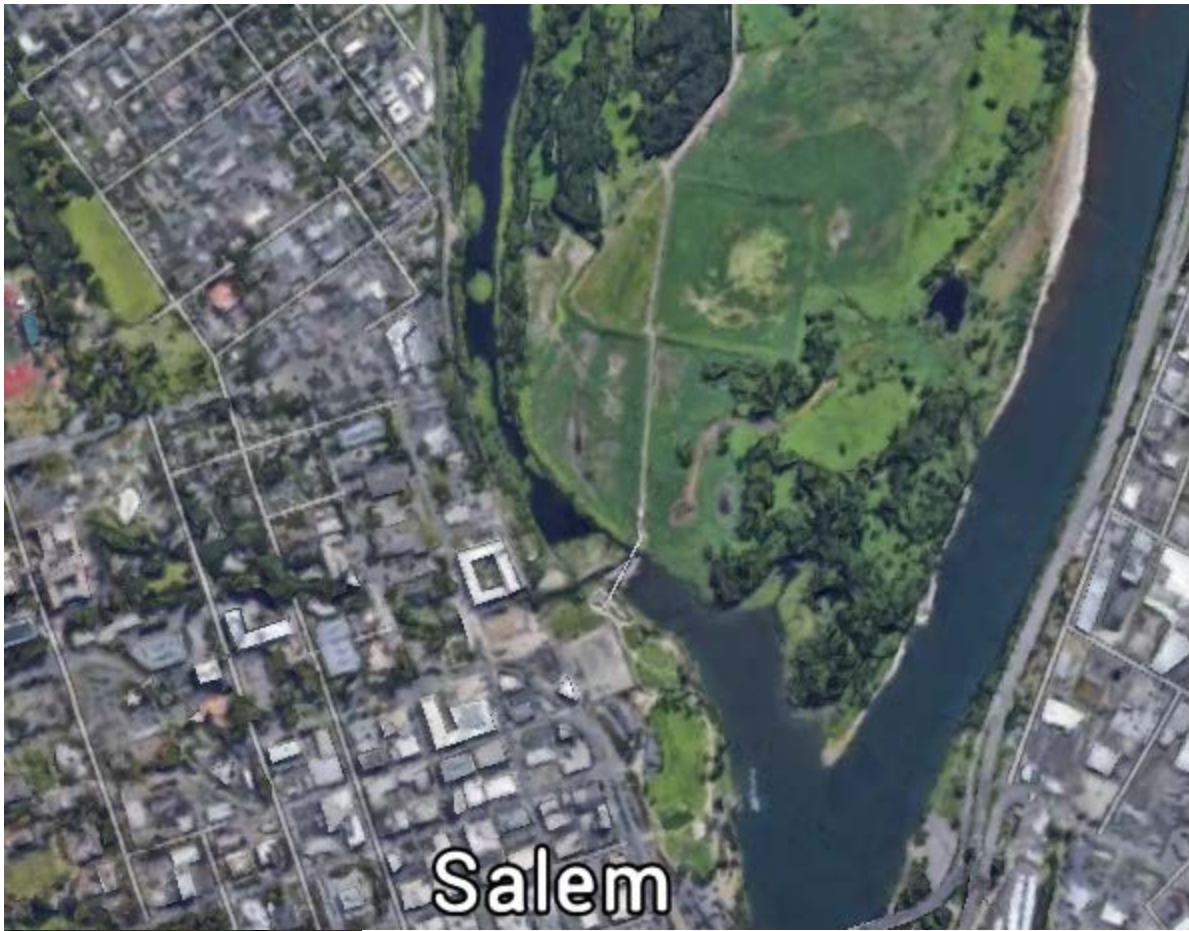

Proposing immediate action against the increasing homeless crisis in our community. My non profit organization wants to build a community center on 150,000sqft city owned land located in Minto Brown park. This community center will have 40, 1500sqft organized campsites with complementary tents and bicycles for transportation. The 40 campsites will be divided into 5 zones which will be represented by rotating volunteered sponsors. These sponsors are on call to support with rides, resumes, job opportunities, housing, appointments, and more.

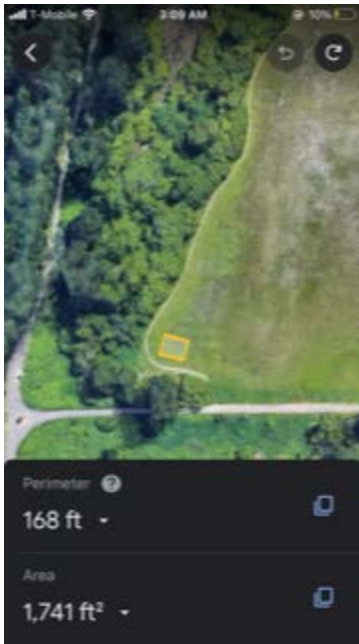

What is needed from the city is relocated funds to help construct and preserve the camp.

This involves \$250,000 in funding that will pay for the commodities needed to tackle the growing homeless crisis in Salem.

Also the permission and complete unlimited use of 150,000 sqft of land of city owned property. This of course will still be owned by the city but just leased to the organization for community support. This land will be life changing to many with no where else to go. Humanity needs to achieve. And lately the homeless community has been forgotten and losing more and more with no hope for the future. This camp will restore that hope and create better opportunities for everyone. Please consider “Camp Hope” this will change the outcome of hundreds of lives.

For the Budget Committee Meeting of : January 20, 2021

Message	To the Budget Committee: Please ensure there is money in the budget to repair more of the oldest and most broken sidewalks in Salem. People are being hurt by these sidewalks which are buckled and broken by city trees. Bumpy streets don't break ankles but broken sidewalks do. Please protect our walkers, especially those with disabilities. Thank you.
